SUNDANCER®

Our 470 Sundancer® is destined to be an instant classic. How do we know? Because it's packed stem to stern with winning features. On deck, these include a fiberglass hardtop with two independently retractable sunroofs, wet bar with icemaker, sun pad with adjustable backrest, and SmartCraft® diagnostics with VesselView display. Under the surface, you get standard Zeus® pod drives with an intuitive helm joystick for stress-free docking.

Some equipment shown may be optional and/or not CE-certified.
Options and colors shown may not be available on current model-year product.

There's a reason why the interior of our 470 Sundancer® seems so bright and roomy. Namely, two oversized hull windows, 10 portlights, and gleaming hardwood from our Cape Canaveral Woodworking & Finishing Facility. The elegant salon with electric drop-down 26" flatscreen TV and the amazingly spacious galley — both featuring wood flooring — are templates of what an entertainment-friendly cruising boat should be.

470

SUNDANCER®

You could stay at a resort on shore, but why bother when you have the practical elegance offered by two gorgeous staterooms and two heads with showers? Forward is an island-style berth from which you can watch a 19" flatscreen TV with DVD player. The mid-stateroom boasts twin beds that convert to a queen, plus a mirrored vanity and sink outside the private head, for the ultimate in convenience

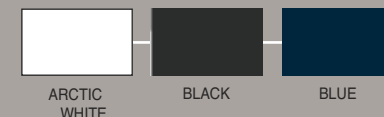

Interior fabric shown may not be available on current model-year product. See pages 58-59 for current details and additional interior options.
